SAFER SCIENCE SUMMIT

Museum of Science • Boston • July 27-30

Sponsored by The Michele E. Dufault Foundation

ABOUT THE SUMMIT:

Across the country, the Safer Science Summit brings together educators and school leaders for immersive, real-world learning that strengthens safer, NGSS-aligned science programs.

OUTLINE:

Monday-Tuesday @ Museum of Science:

Museum of Science

Administrators and teachers explore the realities of STEAM safety through hands-on workshops and discipline-specific breakouts focused on risk assessment, instructional decision-making, and building safer learning environments.

Wednesday-Thursday @ Brookline HS:

PUBLIC SCHOOLS of BROOKLINE

Participants engage in guided lab inspections, hands-on demonstrations, and safer lab activities that strengthen hazard awareness, risk reduction, and engaging, inquiry-driven STEAM instruction.
