

The Laboratory Safety Institute

Empowering Safer Science

CAPABILITIES

- SAFETY TRAINING / CONSULTING
- CHEMICAL HYGIENE PLANS
- REGULATORY COMPLIANCE AUDITS
- LABORATORY INSPECTIONS
- EMERGENCY RESPONSE PLANNING
- SAFETY PROGRAM AUDITS

WHO WE ARE

The Laboratory Safety Institute (LSI) is a non-profit organization dedicated to empowering people to practice safer science worldwide, envisioning a world where safer science is intrinsic to education, work, and life. Over the past 45 years, LSI has educated over 100,000 scientists and lab personnel in 30 countries and 130 industries. Our workshops and seminars go beyond regulatory compliance to build an enduring organizational culture of safety.

PAST PERFORMANCE

USDA Federal Milk Marketing Order Program

2017-2023. Conducted lab facility inspections and 2.5-day safety seminars for U.S. dairy lab personnel.
Reference: Michael Meeks, Associate Market Administrator. Lebanon, NH. mmeeks@fedmilk1.com

Department of Defense Education Activity (DoDEA)

1994-2014. Provided safety education and on-site inspection/consulting services to faculty and staff of K-12 schools for the families of U.S. service personnel in Germany, Italy, Japan and Korea.
Reference: Peter Mecca, Ph.D. (retired). Herndon, VA. pmmecca@gmail.com

U.S. Department of Energy National Energy Technology Laboratory (NETL)

2002-2006. Provided 20 hours of lab safety instruction for different groups of NETL employees in Morgantown, WV and Pittsburgh, PA.
