

CHEMICAL SAFETY

LABEL all chemicals to show the name of the material, the nature and degree of hazard, the appropriate precautions, and the name of the person responsible for the container.

STORE acids and bases separately. Store fuels and oxidizers separately.

ALLOW only minimum amounts of flammable liquids in each laboratory.

FORBID working alone in any laboratory and working without informing a staff member.

DO NOT ALLOW FOOD to be stored in chemical refrigerators.

FORBID smoking, eating and drinking in the laboratory.

DEVELOP specific work practices for individual experiments, such as those that should be conducted only in a ventilated hood or involve particularly hazardous chemicals.
